Ernakulam,Kerala | +919746517722 | ajaychitambaran@gmail.com

WORK EXPERIENCE

Associate Developer   Jul 2022 - Present
Linways Technologies, Kochi

- **Vue JS**: Vue.js is an open-source JavaScript framework used for building user interfaces and single-page applications.
- **PHP**: PHP (Hypertext Preprocessor) is a widely used open-source scripting language especially suited for web development and can be embedded into HTML.
- **MySQL**: MySQL is a powerful, open-source relational database management system (RDBMS) that has become a cornerstone of web development.

PROJECTS

- **Spam Detection in Email using ML Techniques**: Spam detection in email is a crucial application of machine learning (ML) techniques that helps filter out unwanted or harmful emails, improving user experience and security.
- **Gluco**: Gluco is a cutting-edge mobile app designed to help you take control of your sugar intake and make healthier dietary choices. In today's fast-paced world, managing sugar consumption can be challenging, but Gluco is here to simplify the process and guide you towards a healthier lifestyle.
